

Driven Sprocket Nuts

(part# DSN, DSN5, DSN6)

- All nuts are machined from 7075 T-6 alloy
- Anodized to further increase corrosion resistance and durability
- Each nut is carefully inspected and laser etched with recommended torque values
- Available in 6 different colors
- Fits most late model sport bikes (10mm x 1.25), 10mm x 1.0
- Each set is packed in a reusable tin container
- Made in the USA
