

# Driven Bar End Weights

(part# DBEW, DBEW2)

---

- All bar ends are machined from 6061 billet alloy
- Anodized to further increase corrosion resistance and durability
- Each piece is carefully inspected and laser etched with our logo
- Available in 6 different colors
- Universally fits most late model sport bikes with hollow bars
- Stealth design eliminates hardware showing after installation
- Each set is packed in a reusable tin container
- Made in the USA
